PRESS RELEASE / CORPORATE ANNOUNCEMENT

Axis Solutions Ltd. Executes E-House Systems for Siemens Energy India Limited.

This product application shall be integrated with the master project of Siemens Energy Global GmbH & Co. KK for the project named TA'ZIZ Methanol Plant, Middle East's first world-scale methanol production facility.

AHMEDABAD, GUJARAT | AUGUST 2026: Axis Solutions Ltd. ("ASL"), a leading engineering and manufacturing company, has successfully fulfilled three Power Control Centre (PCC) E-House systems to Siemens Energy India Limited, forming part of a critical electrical infrastructure package for a Middle East project. This demonstrates the Axis capability to Design, Engineer and Manufacturing large-scale complex applications.

APPLICATIONS

AXIS is technology-driven and innovative manufacturer of project-based customized applications with fully optimized and engineered e-houses. Axis is amongst the industry leader, that provides best in class control, efficiency, safety and security.

E-Houses and Power Control Centre systems are widely used across industries where reliable and protected electrical power distribution and control infrastructure is required, including:

- + Oil & Gas
- + Refineries and petrochemical facilities
- + Power generation
- + Transmission and distribution projects
- + Renewable energy projects
- + Industrial manufacturing plants
- + Process industries
- + Infrastructure projects
- + Mining and metals
- + Large-scale energy and utility installations

The present E-House package is specifically associated with a Middle East project, as stated in the Purchase Order.

STRATEGIC SIGNIFICANCE FOR AXIS SOLUTIONS LTD.

The successful execution of these E-Houses to Siemens Energy represents an important reference for ASL in the engineered electrical infrastructure and energy-sector equipment market.

The project demonstrates ASL's ability to meet the requirements of a global energy major and execute a technically complex package involving:

Large-scale fabrication + Electrical Engineering + HVAC + Structural Engineering + Quality Assurance + Testing + International Project Requirements + Seaworthy Logistics.

The order also provides ASL with a reference installation associated with an international energy-sector project for an end-user application, strengthening its credentials for future opportunities in domestic as well as international markets.

ORDER DETAILS AT A GLANCE

PARTICULAR	DETAILS
Product	E-Houses
Approx. E-House Size	18.0 m × 3.1 m × 4.2 m including HVAC
HVAC	Included
Project	TA’ZIZ Methanol Plant, Middle East’s first world-scale methanol production facility
Scope	Design, Engineering, Manufacturing, Testing, Seaworthy Packing & Transportation
Warranty	18 months from delivery or 24 months from commissioning, whichever is earlier
Delivery	Ex-Customs (Nhava Sheva) Basis
Site Engineering Support	One service-engineer visit to Middle East Project, up to 4 days

The Order records a total net value excluding taxes of approximately ₹9.31 crore for the three E-Houses and associated freight charges.

POWER CONTROL CENTRE E-HOUSE, AXIS SOLUTIONS LTD.

ABOUT AXIS SOLUTIONS LTD.

With over 25 years of excellence in Oil & Gas, Water & Wastewater, Industrial Automation, and its advanced Calibration Lab, Axis Solutions Limited is expanding its legacy of precision into high-growth sectors including Marine, Offshore, Defense, Railways, and Nuclear. Simultaneously, the company is pioneering the New Energy landscape by delivering cutting-edge solutions for Green Hydrogen Storage,

Resilient Battery Energy Storage Systems (BESS), EV Chargers, and Solid-State Hydrogen Storage systems for electricity generation, reinforcing its commitment to high-performance, sustainable engineering.
